Fees

All fees are payable to LBWFP.

LBWFP is owned by LBW Business + Wealth Advisors and therefore they share in the profits that are made.

Personal advice

We will charge you a fee for any personal advice we provide to you. That fee may be either a fixed fee or based on the amount of hours it takes us to prepare and provide you with personal advice. The amount of these fees usually ranges from \$4,000 to \$6,600 but may exceed this range in complex cases. These fees will be agreed with you beforehand and will be disclosed in a SoA or RoA which will be provided to you.

Ongoing fees

Our ongoing fees depend on the ongoing service that we provide to you. They are typically charged as an agreed fixed price between \$5,500 and \$40,000 and are paid monthly or quarterly in arrears. This fee may exceed this range in complex cases. The amount of ongoing fees will depend on your total assets under management and other factors such as the complexity of your portfolio, the regularity of reviews and any additional services we are providing.

Any ongoing fees will be agreed with you in our service agreement.

Implementation Assistance

We may charge you a fee for any Implementation assistance we provide to you. That fee may be either a fixed fee or based on the amount of hours it takes us to prepare and implement the advice or instruction. The amount of these fees usually ranges from \$110 to \$1,650 but may exceed this range in complex cases. Details of the fee will be agreed with you beforehand. You may request information about these fees within a reasonable time after receiving this FSG but before you agree to us to commence implementing on your behalf.

Brokerage fees

We may charge a brokerage fee between 0.44% and 1.375%, with a minimum of \$55 (plus GST) when you buy or sell listed investments. This fee will typically be applied to each transaction as a set percentage of the investment amount. The services and fees will be set out in the SoA or RoA that we provide to you.

Insurance commissions

We receive a one-off upfront commission when you take out an insurance policy we recommend. The upfront commission will be between 0% and 66% of the first year's annual premium.

We also receive an ongoing commission payment of between 0% and 22% of the annual premium for as long as you continue to hold the policy.

For example, for an insurance product with an annual premium of \$2,000, where the issuer pays us an upfront commission of 60%, we will receive \$1,200. The issuer will pay us 10% of the annual premium as ongoing commission for as long as you hold the product. Assuming an annual premium of \$2,000, this equates to \$200 per year.

You will be advised of the exact amount of these commissions in the SoA or RoA.
